PROJECTS

Tomo

JUNE 2019 - JUNE-2020

Type: Health & Fitness App.

Role: Frontend developer.

Platform: Android and iOS.

Technology: React-Native.

PlayStoreUrl: [Android App](#)

Description: Tomo is based on Behavioural Activation (BA). BA is an user-driven process used by psychiatrists and therapists used to give people control over their mental health and it is a core part of Cognitive Behavioural Therapy (CBT). Tomo automates aspects of BA and helps users set their priorities to help form the habits that build resilience. Tomo's community gives them the motivation to act, as research shows we find it easier to build and maintain healthy habits when supported by our peers.
