Work Experience

Web and Mobile App Developer   April 2020 to Present
App-Scoop Solutions Pvt Ltd   76-D, Phase IV, Udyog Vihar,
                                                                  Sec-18, Haryana-122022

- Worked as a Web and Mobile app developer, worked on 2 React native apps for which I have created UI as well and managed data using Redux and Redux-Saga (as middleware to manage asynchronous data).
- Responsible for checking cross platform compatibility and hence worked on different platforms (Android & IOS).
- Expert in React Native development and have experience React JS, Responsive Design.
- Done project in React JS and working with Redux architecture.
- Experience in creating and using React JS re-usable components, Forms, Events, Keys, Router plus Redux concept.

Mobile App Developer   April 2019 to March 2020
Obolus Technology Pvt Ltd   The I – Thum, Times Square,
                                                                  Sector 62, Noida

- Worked as Mobile App developer. Worked on a React Native based project and for which I have designed and developed the application.

Project Overview

Project1: Deleezy(Business App)
Role: Design & Development
Technologies: React Native, Spring Boot
Team Size: 8-9

Deleezy basically provides instant, affordable and reliable express deliver service. Basically in Deleezy I worked in two apps. One for customer and another for driver. Customer can place an order using customer app. Once the order is placed, driver can pick up items from a store or from friend's/family's house deliver them to you using driver app.

Project2: Asteride(Bikers Community)
Role: Design & Development
Technologies: React Native, Java, Spring Boot
Team Size: 7-8

Asteride is an app for Bike riders where a bike rider can create a ride. The ride can be of a single day ride or multiple day ride. In this app we have mostly worked on admin-side functionality like how admin will manage the various bike ride members. We have also included map for the ridersand the weather forecast for that day.

Additional Information

- Good learner and self-confidence person.
- Focused on writing optimized and good quality code and try to deliver client satisfaction work.
- Passionate for good programming

Family Details

Father: Ramesh Narayan Jha
