AYUSHI BHATNAGAR

ABOUT

With a total experience of **3 years** and relevant experience of **1.9 years**, I am currently working with Infosys Ltd. as a **Front-end web developer** having the flexibility to learn and take up different tasks efficiently as per the requirement. Along with learning, I seek to work in a healthy work environment that focuses on the growth of organization as well as each individual.

SKILLS

React JS, Redux, Jenkins, GitHub, Jira, Agile, Material UI, HTML/CSS,

WORK EXPERIENCE

SENIOR SYSTEMS ENGINEER – INFOSYS (JAIPUR)

July 1st , 2020 – Present (WALMART)

- Delivered the UI screens designed in REACT JS without or minimal rework.
- Adopted REDUX for efficient state management in react js.
- Aware about the use of JEST testing framework to test the UI components.
- Build and deploy the code on server using JENKINS as a CI/CD implementation tool.
- Follow the AGILE development methodology for software development.
- Create user stories and update status in JIRA for better transparency on tasks.
- Deal with GitHub version control repository for maintaining the correct code version.
- Guiding other team members whenever required.

SYSTEMS ENGINEER – INFOSYS (JAIPUR)

Sept. 21st , 2018 – May 31st, 2020

- Worked in Li&Fung account to find the manual securities in SQL queries and automate them.
- Worked in WALMART account on Angular 6 for building UI components in the web application.
- Contributed in moving the application from Angular JS to React JS.
- Contributed for rewriting the old JAVA methods to newer version.
- Used Material UI, Bootstrap and other 3rd party libraries if required, for designing the UI components.

SYSTEMS ENGINEER TRAINEE- INFOSYS (MYSORE)

May 21st , 2018 – Sept. 21st, 2018

- Generic training (1.5 months) – Python, MySQL, OOPS, Business Communication.
- Stream training (2.5 months) – MEAN stack.
