## Experience

**ASSOCIATES INFORMATION TECNOLOGY IN**

**NAV BACK OFFICE IT SOLUTIONS** (Dec. 2018-Present)

**NAV PORTAL** URL: www.navconsulting.net/navportalcore
Created and managed fund accounting website called investor web portal that provides several reports in a number of different formats to meet the growing data requirements of our clients and their investors. The web based reporting portal, nav portal, provides secure online access to these fund reports and investment data. We have also designed dashboards for selective investors.

Tools Used:    React.js, Redux, C #,  SQL

**RAMANSUJATI SAMAJ** URL: www.ramansujatisamaj.com/Login
Created a website which contains documantries of Raman Sujati Samaj. It also contain a Matrimonial section of this Samaj.  Admin can manage all the matrimonial and members directories section request.

Tools Used:    React.js, Redux, C #,  SQL

**TRAINING PROJECT:**

**JUST CLICK:** Created a website in which we can buy or sell old things like real estates, bikes, cars etc. (tools used java , mysql).
